- MCTS: .NET Framework 3.5 – WCF
- MCTS: .NET Framework 2.0 – Web Client
- 70-532: Developing Microsoft Azure Solutions
- 70-534: Architecting Microsoft Azure Solutions

- 70-533: Implementing Microsoft Azure Infrastructure Solutions

Professional Experience

Accenture – Honda (Automotive) | Torrance, CA | Technical Manager | July 2025 – Present

- Managing .NET modernization program across 5 plants; migrating legacy mainframe modules to scalable .NET microservices and rich-client apps.
- Driving architecture, sprint planning, delivery governance, and quality gates (code reviews, unit tests, CI/CD).
- Coordinating with plant stakeholders and cross-functional teams to reduce downtime and improve throughput.
- Mentoring developers; establishing patterns for resiliency, observability, and performance.

Accenture – Florida Highway Safety & Motor Vehicles (State of Florida) | Tallahassee, FL | Manager / Delivery Lead | March 2020 – July 2025

- Led modernization for Motor Vehicle Issuance, Title & Registration, Parking Permits, and Dealer Registration systems.
- Modernized legacy mainframe functions into .NET applications; developed Oracle PL/SQL packages and stored procedures.
- Managed customer interactions, technical design, code reviews, and agile ceremonies; mentored and onboarded new team members.
- Built comprehensive unit testing for QA; delivered reports using SSRS and optimized data transformations.

Accenture (UK) – Leading Investment Bank | London, UK | Associate Project Manager / Delivery Lead | Jan 2017 – Mar 2020

- Technical and delivery lead for advisory and commodities trading platforms; collaborated directly with traders.
- Designed using Microsoft Visio; performed code reviews and ensured specification accuracy; led a team of 9 developers.

Accenture (Europe) – Leading Investment Bank | Zurich, Switzerland (offshore from Bangalore) | Team Lead / Scrum Master | Sept 2013 – Jan 2017

- Developed scalable advisory Order Fulfillment applications (Pre-trade/Post-trade/execution management).
- Led a 12-member team; interviewed and trained new hires; instituted Agile practices.

Accenture (India) | Bangalore, India | Senior Software Engineer → Associate Project Manager | Aug 2008 – Aug 2013

- Designed cross-app logging/exception handling for 16 applications; implemented MVVM/WPF modules and enterprise search (SQL + LDAP).
- Led Windows 10 migration across 18 projects; key contributor for P&L mismatch analysis in trading systems.

IBM (Contract) | Noida/Gurgaon, India | Software Engineer | Nov 2007 – Jul 2008

- Developer and module lead for internal workflow applications.

ISIT | Bokaro, India | Technical Faculty | Jan 2005 – Oct 2007

- Delivered technical courses on .NET, ColdFusion, and C#.

Education

- M.Sc. (Information Technology), Sikkim Manipal University, India
